

Curriculum Vitae

Prof. Malla Reddy Perati

Dr. Malla Reddy Perati
Professor
Department of Mathematics
Kakatiya University
Warangal-506009
T.S., India
Phone: 091-9866578585
Résidence : 91-870-2578585
E-mail: *mperati@yahoo.com*

I. Academic Positions & Academic Credits

Principal, Kakatiya University College of Engineering and Technology, first time tenure May 2016 - Jan 2017, and second time tenure since 13-09-2017.

Head, Department of Mathematics, Kakatiya University during May 2013-September 2015.

Chairman, Board of Studies (BoS) in Mathematics, Kakatiya University, during April 2010 - April 2012.

Coordinator, Internal Quality Assurance Cell (IQAC), University Arts & Science College, Kakatiya University, during November 2012 - September 2013.

Fellow, Telangana Academy of Sciences (TAS)

Invited Speaker for Mathematical Sciences Section of 103rd & 105th Indian Science Congress.

Previous Positions/ Academic Programme

Postdoctoral Research

Graduate Institute of Communication Engineering, National Taiwan University, Taiwan

Adviser: Prof. Jingshown Wu

Research Area: Network Traffic Modeling and Performance Analysis of Internet Router

Duration: September 2003 to January 2007.

Ph.D. Programme

Department of Mathematics, Osmania University, Hyderabad, India

Title of Thesis: Dispersion Studies of Waves in Poroelastic Plates and Cylinders

Adviser: Professor M. Tajuddin

Duration: 1994-1998.

M.Phil Program

Department of Mathematics, Osmania University, Hyderabad, India

Dissertation Title: Calculus of Variational Techniques in Elastostatic Problems

Adviser: Professor Kishan Rao

Duration: 1992-1994.

1992-1994: M.Phil (Applied Mathematics), First division with distinction, Osmania University, India.

1989-1991: M. Sc. (Mathematics); First division with distinction, Kakatiya University, India.

1986-1989: B.Sc. (Mathematics, Physics, Chemistry), First division with distinction, Kakatiya University, India.

Fellowships

1. Post-Doctoral Fellowship received from National Science Council, through Graduate Institute of Communication Engineering, National Taiwan University, Taipei, September 2002 to January 2007.
2. Senior Research Fellowship awarded by Council of Scientific and Industrial Research (CSIR) through UGC-CSIR joint exam NET (National Eligibility Test), January 1996.
3. Junior Research Fellowship awarded by Council of Scientific and Industrial Research through UGC-CSIR joint exam NET (National Eligibility Test), January 1995.

Teaching Experience

1. February 2007 to till date, Department of Mathematics, Kakatiya University, India.
2. Sep. 2002 to Jan. 2007, Graduate Institute of Communication Engineering, National Taiwan University, Taiwan.
3. Dec. 1997 to Nov. 1999, Department of Mathematics, ISS College of Engineering & Technology for Women, Hyderabad, India.
4. 1993 to 1997, Department of Mathematics, Osmania University, Hyderabad, India.

II. Industrial Experience

1. Sept. 2001 to Sept. 2002, Quality Assurance, Consec India Pvt. Ltd, Hyderabad, India (A wholly owned subsidiary of Consec Inc. USA).
2. Sept. 2000 to Sept. 2001, Insurance Analyst, Consec Pvt. Ltd, Hyderabad, India (A wholly owned subsidiary of Consec Inc. USA).

III. Research Credits

Major Research Projects (MRPs)

1. Propagation of waves in cylindrical compact trabecular bone with marrow, funded by University Grants Commission (UGC), Government of India, Grant No. F.No.34-141\2008 (S.R), (Completed, April 2009-March 2012).
2. Performance study of internet router employing partial buffer sharing mechanism under Markovian modeled self-similar variable packet length input traffic, funded by Department of Science and Technology (DST), Government of India, Grant No. SR/S4/MS: 530/08, (Completed, March 2010 – April 2012).

Mentor for Postdoctoral Research Program

1. Dr. A. Srisailam, D.S. Kothari Postdoctoral Fellowship, UGC, April 2012-April 2015.
2. Dr. Rajitha Gurijala, Women Postdoctoral Fellowship, UGC, November 2015-

Ph.D / M.Tech Programme Guided

1. L.P. Raj Kumar, Ph.D. Degree awarded in November 2011 from the Department of Mathematics, Kakatiya University.

Title: Performance study of Internet router using matrix queueing theory.

2. D. Mallikarjuna Reddy, Ph.D. Degree awarded in February 2012 from the Department of Statistics, Kakatiya University.

Title: Performance analysis of Internet router under self-similar variable packet length input traffic - markovian approach.

3. B. Sandhya Rani, Ph.D. Degree awarded in April 2014 from the Department of Mathematics, Kakatiya University.

Title: Dispersion studies of wave propagation in poroelastic cylinder and polygonal cross sectional bars with relevance to bone mechanics.

4. Rajitha Gurijala, Ph.D. Degree awarded in August 2014 from the Department of Mathematics, Kakatiya University.

Title: Study of vibrations in poroelastic solids using the variants of Biot's theory.

5. D. Rajaiah, Ph.D. Degree awarded in January 2015 from the Department of Mathematics, Kakatiya University.

Title: Mathematical modelling and performance analysis of Internet router with differentiated services under self-similar input process.

7. G. Ravi Kumar, Ph. D Degree awarded in December, 2016 from the Department of Mathematics, Kakatiya University.

Title: Performance analysis of Internet router under asynchronous self-similar traffic input- Multi server priority based queueing system with Markovian input process and various service time distributions.

6. Manjula Ramagiri, Ph. D Degree awarded in February 2017 from the Department of Mathematics, Kakatiya University.

Title: Study of vibrations in porothermoelastic solids in the presence of static stresses.

8. D. Ranadheer, Ph. D Degree awarded in May 2017 from the Department of Mathematics, Kakatiya University.

Title: Performance evaluation of Internet router-steady state probability distribution vector of block circulant Markov chains.

9. R. Ramesh, Ph. D Degree awarded in June 2017 from the Department of Mathematics, Kakatiya University.

Title: Internet traffic modeling using circulant Markov modulated Poisson process-steady state probability vector of circulant matrices.

10. K. Raghavendra, M.Tech degree awarded in July 2011 from National Institute of Technology Surathkal (NITK).

Title: Self-similar behavior of highway road traffic and occupancy analysis at toll Plazas.

Editorial Credits

1. Guest Editor, Special Issue “Continuum Mechanics and Earthquake Seismology”, International Journal of Engineering, Science and Technology (IJEST), jointly with Prof. Amares Chatopadhyay, Indian School of Mines, Dhanbad.

2. Editor, Journal of Physics (Conference Series, 662, 2015, Institute of Physics, UK), International Conference on Vibration Problems (ICOVP-2015), Feb 18-20, 2015, Jointly organized by Department of Mathematics and Department of Mechanical Engineering, Kakatiya University, and Von-Karman Society, West Bengal.

Reviewer for the Journals

1 Reviews of American Mathematical Society (AMS)

2 Journal of Sandwich Structures and Materials

3 Acta Mechanica

4 Journal of Vibration and Control (JVC)

5 Journal of Porous Media

6 Special Topics and Reviews in Porous Media, an International Journal

7 Geophysical Journal International

8 International Journal of Communication Systems

Research Collaboration

1. Dr. Shou-Kuo Shao, Network Operation Supporting Technology Lab, Chunghwa Telecommunication Laboratories, Chunghwa Telecom Co. Ltd., Yang-Mei, Taoyuan, Taiwan-326. E-mail: skshao@cht.com.tw

2. Dr. Hari Kishan Reddy Koppula, Managing Director, VR Techniche Pvt Ltd, Noida, New Delhi, India.

3. Visited School of Medicine, New York University, USA and worked with Dr. Ravinder Reddy Regatte, on Bone Mechanics, during May-June, 2012.
4. Visited Indian Institute of Science (IISc), Bangalore under the scheme of Indo French Centre for Applied Mathematics from 10 -1-2014 to 31-1-2014.

Fellowships

1. Post-Doctoral Fellowship received from National Science Council, through Graduate Institute of Communication Engineering, National Taiwan University, Taipei, September 2002 to January 2007.
2. Senior Research Fellowship awarded by Council of Scientific and Industrial Research (CSIR) through UGC-CSIR joint exam NET (National Eligibility Test).
3. Junior Research Fellowship awarded by Council of Scientific and Industrial Research through UGC-CSIR joint exam NET (National Eligibility Test).

Conferences Organized

1. Organizing secretary, 5th National Conference on Applicable Mathematics in Wave Mechanics and Vibrations (WMVC-2010), held at Kakatiya University, India, during March 13-15, 2010.
2. Director, International Conference on Vibration Problems (ICOVP-2015), held at Kakatiya University during 18-20 February, 2015.

Conferences Attended, Presented Papers, and Invited Talks

1. Presented a Paper in the Third International Conference on Vibration Problems held at University of North Bengal, India, Nov. 1996, (Peer reviewed).
2. Presented a Paper in the National Seminar on Recent Trends and Advances of Mathematics and Statistics in Engineering and Technology, held at Indian School of Mines, Dhanbad, India, Nov. 1997, (Peer reviewed).
3. Attended 44th Indian Society of Theoretical and Applied Mechanics (ISTAM) conference held at National Institute of Technology (NIT), Warangal, India, Dec. 1999.
4. Presented a Paper in the Third SIAM (Society for Industrial and Applied Mathematics) on Materials Science, held in Philadelphia, USA, May 2000, (Peer reviewed).
5. Attended International Conference on Non-linear Problems, held at Academia Sinica, Taipei, Taiwan, Dec.2005.
6. Presented a paper in the IEEE High Performance Switching and Routing (HPSR) conference held in New York, USA, May 30-June1, 2007, (Peer reviewed).
7. Indian Society of Theoretical and Applied Mechanics (ISTAM) conference held at National Institute of Technology (NIT), Hamirpur, India, Dec.2010.

8. Delivered invited talk on “Matrix Geometric Solutions”, in Short Term Training Program on Mathematical Modeling and Numerical Techniques, Department of Mathematics, National Institute of Technology, Warangal, 17-21 January, 2011.
9. Delivered invited talk on “General Measure Theory”, in Training Program and Advanced Analysis for PG Faculty, held at Department of Mathematics, Kakatiya University, Warangal, 8-11 April, 2011.
10. Presented a paper in the 4th International Conference on Porous Media (INTERPORE - 2012), Purdue University, USA, 14-16 May, 2012, (Peer reviewed).
11. Presented a paper in the IEEE International Conference on Networks (ICON-2012), Singapore, 12-14 December, 2012, (Peer reviewed).
12. Chaired a session for “18th IEEE International Conference on Networks”, Singapore, 12-14 December, 2012.
13. Delivered invited talk on “Circulant Markov Modulated Poisson Process”, in Workshop on Mathematical Modeling in Engineering, Department of Mathematics, National Institute of Technology, Warangal, India, 4-6 December, 2013.
14. Delivered invited talk on “Plane Stress Problem in Poroelasticity”, in STTP on Contemporary Approaches of Applied Mathematics in Science and Engineering, National Institute of Technology, Warangal, 11-15 May, 2015 India.
15. Chaired a session for “International Conference on Computational Heat and Mass Transfer”, Department of Mathematics, National Institute of Technology, Warangal, November 30 -December 2, 2015.
16. Delivered invited talk on “Steady State Probability Vector of Positive Definite Regularized Linear Systems of Circulant Stochastic Matrices”, on 14-12-2015, NIT Warangal.
17. Delivered invited talk on “Study of Vibrations in Poroelastic Solid Bars with Polygonal Cross Section using Fourier Collocation Method” on 23-12-2015 in 6th National Conference on Wave Mechanics and Vibrations Conference (WMVC), ISM Dhanbad.
18. Delivered invited talk on “Biot’s extension theory of porous materials” in the 103rd Indian Science Congress held at Mysore University, Jan 3-5, 2016.
19. Resource Person for Refresher Course held at Academic Staff College, Osmania University, Hyderabad, 15th February, 2017.
20. Delivered invited talk on “Investigation of Vibrations in Poroelastic Solid Bars with Polygonal Cross Section using Fourier Collocation Method” in 20th International Conference of International Academy of Physical Sciences on Recent Advances in Physical Sciences and Future Challenges held at Faculty of Science (Department of Mathematics, Physics and Chemistry), Osmania University, Hyderabad, 14-16 July, 2017.
21. Delivered invited talk on “Internet Router Modeling–Markov Process and Matrix Geometric Solutions” in National Conference on Recent Advances of Mathematical Techniques in Science and Engineering held at Department of Mathematics, Osmania University, Hyderabad, 30-31 July, 2017.

IV. Publications

Wave Propagation in Poroelastic Solids
